TWENTY-FIVE NEW CASES OF FEVER

But the Mortality is Somewhat Reduced in Number.

ONLY THREE DEATHS REPORTED

That is the Number Up to Noon Yesterday—Cleaning is the Order of the Day at New Orleans—Outside Places Lift Quarantine.

New Orleans, August 22.—The city is being thoroughly cleaned and there has not been much trouble experienced, except among the lower classes, which have been brought to time by arrests. Surgeon White is hopeful over the outlook.

The total number of cases to date is 1,471, with a total death list of 208.

Up to noon today there were only 25 new cases reported and three deaths.

At Other Places.

Three cases of fever have developed at Gregory, Mo. All are Italians.

Texas has put up a strict quarantine, and all persons coming from the North must have a certificate.

Montgomery, Ala., has abandoned all quarantine against infected points, leaving that work to the State. No more registration at the station.

The health authorities at Mississippi City announce one new case there yesterday—a granddaughter of Senator Money.

REPORT OF COTTON GINNED.

Census Bureau Issues a Supplemental Report of Crop of 1904.

Washington, August 22.—The census bureau today issued a supplemental report on the quantity of cotton ginned from the crop of 1904, showing a total growth for that year as fixed by the ginners to be 13,693,279 bales, counting a round bale as a one-half bale, instead of 13,597,782.

In explanation of these figures the report states as follows:

Census bulletin No. 19 on cotton ginning, issued April 25, 1905, showed that at the time of the March canvass of the cotton ginneries for the date published in that report, there remained to be ginned 192,275 bales from the crop of 1904. A canvass made between July 2 and August 5 for the purpose of verifying these reports showed that 95,497 bales, counting the round as half bales, were ginned in excess of estimates published in the month of April.

Lord Curzon Resigns Viceroyship.

Simla, British India, August 22.—Among the public generally sympathies are expressed for Lord Curzon, of Keddleston, viceroy of India, who, for eight weeks has been confined to his bed, where he conducted his fight single-handed against the cabinet. There is widespread regret that he has felt himself obliged to resign despite the almost unanimous support of press and commercial bodies. The friends of Lord Kitchener are jubilant, and the commander-in-chief of the forces now stands as the defacto viceroy with his prestige greatly enhanced. In the opinion of the natives, Lord Kitchener's powers are supreme.

Killed His Half Sister.

Los Angeles, Cal., August 22.—H. M. Boetze, a cement finisher, shot and almost instantly killed his half-sister, Miss Lottie Betze, fired four shots at another sister which failed of their mark, then turned the weapon upon himself and fired five shots into his breast, dying a short time later. The tragedy occurred at the home of the Boetzes. Boetze objected to his sister receiving attentions from young men.

Receiver for Denver Bank.

Denver, August 21.—Judge John I. Shafroth, in the district court today appointed Guy Laney Shevlok, receiver [illegible]

BLOODY FEUD IN TENNESSEE.

Three Men Killed and One Wounded. Trouble of Long Standing.

Harriman, Tenn., Augusta 22.—According to information received here, a bloody feud battle occurred near Alice station on the Queen and Crescent railroad, about 2 miles south of Harriman Junction.

Frederick Miller and his son, John Miller, aged 23, and Fred Johnson, were killed and Henry Miller, another son of Fred Miller, aged 18, was dangerously wounded.

The men were enroute to the station where young Miller was to leave to join the army. When they were 2 miles from the depot they were fired upon by men from ambush. The old man and his son John fell dead at the first volley, while the younger Miller and Johnson were enabled to return the fire.

So far it is not known how many men were in the other party.

Johnson was struck twice in the second volley, and fell dead. Seeing he would be unable to fight the enemy single handed, the younger Miller rode away with his right hand shot off.

For more than 20 years a feud war has raged between Miller and Rawlings families. It is not known what members of the latter families were engaged in the fight.

A posse and officers ar escouring the country for the murderers.

It is the belief of the people of the community that other killings will follow.

FATAL FEUD IN KENTUCKY.

Members of Two Families Have Fight In Blue Grass State.

Clay City, Ky., August 22.—In a desperate feud fight on Black Creek in Powell county, Campbell Anderson was killed and Tom and Cal Mortens, brothers, were seriously wounded in a "blind tiger," and were asaulted by Plunkett. Before the men could be separated Anderson was slashed several times with a knife in the hands of Anderson. When it became known that Anderson was dead, the fight became general between the friends of Anderson, on one side and those of Morton on the other.

All of the men are among the most prominent in Lee county, and have long been known as members of fighting families of early feud days. Further trouble is expected.

Ask Protection of Court.

Jackson, Miss., August 22.—Several of Franklin county citizens who gave evidence and made voluntary confession on which the federal grand jury indicted 300 citizens of that county for whitecapping, make complaint to the federal authorities that they are being subjected to intimidation and persecution by former members of the whitecaper league, and ask that protection be given them. The United States commissioner advises them to make affidavit to the charges, after which prompt measures will be taken for their protection. A. J. Hoyt, the detective who worked up the evidence against the whitecaper organization, arrived today from Michigan, and will probably go to Franklin county to confer with the law and order league.

Man's Heart on Right Side.

Los Angeles, Cal., August 22.—When Malcolm Rose, a landscape gardener was placed on the operating table at the county hospital here today to undergo an operation for the removal of a growth from his neck it was discovered by the surgeons that the patient's heart instead of being in normal position, on the left side of the body, was located on the right side, nearly six inches from its proper place. The organ in every way however, appeared normal. It evidently had been in that position from birth.

General Strike in Poland.

Warsaw, Poland, August 22.—A general strike has been proclaimed all throughout the land as a protest against the disregard of the rights of the Poles in the scheme for representation in the national assembly. The strike began here today. Employes of the Vistula railway quit work and many trains were left standing at [illegible]

PEACE CONFERENCE AT A STANDSTILL

Envoys Waiting For Instructions From Home.

IDEAL WEATHER AT NAVY YARD

President Roosevelt's Proposition is in the Hands of the Rulers of Both Countries and No Replys Have Yet Been Received.

Portsmouth, N. H., August 22.—The emperor's reply to the message of M. Witte transmitting the proposition of President Roosevelt has not yet been received up to noon today, and was not expected until tomorrow at the earliest. It is, therefore, likely that there will be no final show of hands at tomorrow's session of the plenipotentiaries.

This would have been an ideal day to negotiate peace. It is an even pleasanter day to bask in the warm sunshine on the veranda and this is what many of the attaches of both missions are doing. The principals, however, Baron Komura and Mr. Takahira, and M. Witte, have no time for recreation. Before breakfast this morning M. Witte, although he was not feeling well was hard at work, and he scarcely stopped while breakfast was served to him in his room. Baron Rosen had not returned from Magnolia.

No plans for either have been announced today but as both are expecting cablegrams from their home governments which may decide the fate of the negotiations, it is unlikely that they will go far from the hotel today.

The Dolphin has received orders to sail for Boston and will probably get under way this morning. It is assumed here that she will later return here in case the envoys after conclusion, wish to return to New York by water. The Mayflower will remain throughout the conference. Both Russians and Japanese have almost finished the protocols to be submitted at the meetings of the conference tomorrow afternoon.

The features of the protocols is the presentation of the reasons advanced by both sides for the divergence of views upon the articles upon which no agreement was reached. On Article 5, the cession of Sakhalin, the Japanese claim that they are entitled to the island as well as by reason of their national rights to its possession as because of its present occupation by the Japanese forces. The Russians, on the contrary, insist that up to 1850 Japan had never claimed any right to Sakhalin, and at that time only 25 unmarried Japanese lived in the south of the island during the fishing season. Admiral Peoutitatine opened the eyes of the Japanese to the value of Sakhalin when he went there in 1854 and initiated negotiations for the possession of the entire island by Russia. It was then that Japan in order to make good her claim tried to colonize the island and stated that Aino race which lives there, belonged to the same family as the original inhabitants of the northern islands of Japan. In 1859, Muravieff, governor general of Amur, tried to persuade Japan to yield in her claim to the south part of Sakhalin, but did not succeed as the Americans had already begun to support the Japanese in the attitude against Russia.

Demand for Indemnity Unprecedented.

With regard to Article 9, the protocol repeats the arguments already set forth several times in the Associated Press dispatches. The Japanese claim reimbursement for the expenses of the war on the ground that they were forced by Russia's aggressions to resort to arms for self-preservation and having been victorious at all points, sea and land, are entitled to reimbursement. Russia, on the contrary, denies absolutely that Japan is in a position to dictate such a condition as Russia does not acknowledge defeat and appeared at the conference not imploring mercy but because of her love of peace and her willingness to conclude on an honorable basis.

Russia declares that a [illegible] for indemnity under the circumstances is unprecedented, and historical occasions where indemnity was paid in support of her contentions. Most of these precedents have already been made public in connection with a recent Associated Press interview with Mr. Maartens. The protocol also states that Russia throughout her history has never paid a war indemnity, not even when Napoleon the Great invaded the Muscovite empire in 1812 and occupied Moscow.

LOUISVILLE BANK FAILS.

Western National Closed by Order of Comptroller of Currency.

Washington, August 22.—The doors of the Western National Bank, Louisville, Ky., were closed this morning by order of the comptroller of the currency.

A statement issued by the acting comptroller of the currency says:

"An examination of the bank by Bank Examiner Garrett showed that its capital was badly impaired by losses. Steady withdrawals have been made for several days and there was not sufficient funds on hand or available to meet further runs likely to be made by depositors and other creditors, the acting comptroller directed the bank to be closed in order to protect the interests of all creditors alike and prevent those having knowledge of conditions securing preference over those without the knowledge.

"Thomas W. Thornton has been appointed receiver."

The Western National bank is comparatively a new association, having been chartered Oct. 29, 1904, to succeed the Western Bank of Louisville. W. B. Smith was president, and T. J. Jefferson, cashier.

The deposits in the bank amounted to $1,070,810.

VISITORS STRONG NEW YORK.

All Leading Hotels Are Crowded With Guests at This Season.

New York, August 22.—A glance at the hotel registers, thronged restaurants and streams of theater goers and the countless sight-seeing vehicles, show that there is more visitors in New York at the present time than at any corresponding period in years.

Nearly everyone of the 90 large hotels devoted to the handling of the transient guests, with their many rooms, are filled to the fullest capacity and so are the apartment hotels, where there are about 20,000 rooms. It is estimate dthat in these 170 caravanseries accommodating about 21,000 persons, have been filled.

Many of the hotel patrons are foreigners, but the great majority are Americans, who have come to see New York. All the railroad lines having terminals in New York have been doing an extraordinarily large business this summer, and the officials say the volume has been growing year after year. When the homeward rush from seashore, country and mountains begins, about the first week in September, they will all put on extra trains for operation.

Attempt to Assassinate Queen.

New York, August 22.—News was received yesterday, says a Turin dispatch to The Herald, that an attempt has been made to assassinate Queen Marwherita, mother of King Victor Emmanuel, who is making a tour of the Alps in an automobile. The dispatch adds that the queen mother was ascending the Little St. Bernard in her automobile, accompanied by the Marquise Divala and two gentlemen, when the machine suddenly struck against a stone barricade that had been erected in the middle of the road and was overturned. No one was injured, but five occupants were greatly alarmed. Police in an automobile were following the party and at once made an investigation resulting in the discovery that the barricade had without [illegible] been placed there to bring about a fatal accident to the queen. Two arrests were made on suspicion.

Failed to Identify Suspect.

Plymouth, Mass., August 21.—The Chicago man who came here today to see George L. Marsh, failed to identify him as the man wanted in Chicago in connection with the murder of Wil[illegible] Ende in Morgenthau's flat.

NINE ARE KILLED; THIRTEEN INJURED

Freight Train Crashes Into a Crowded Street Car.

MOST OF VICTIMS WERE WOMEN

That More Were Not Killed is Miraculous—The Street Car Was Returning from a Pleasure Resort When the Awful Calamity Occurred.

Butte, Mont., August 22.—Nine persons were killed, one fatally, and about 13 more or less injured in a collision between a street car with returning merry-makers from the Columbia Gardens and a freight train on the Butte, Anaconda and Pacific railway last night.

The dead: Maggie Hart, Maud Johnson, Mrs. Jacobs, Mrs. Keefe, Vera Haughton, Mrs. Smith, Chris Wolf, unknown but by name on metal check found in pocket; unidentified man and woman both at the Montana undertakers.

Loaded with passengers, many women and girls, the car returning from Columbia Gardens, was struck by the end of a freight train on the railroad tracks north of the Butte, Anaconda and Pacific depot and crushed beneath the weight of the freight car, killing nine and fatally injuring one and perhaps another of the numerous others were slightly injured were taken nto their homes for treatment, their names at this time unobtainable.

That more were not killed is miraculous, for the accident occurred with such suddenness that precluded any chance of escape for those in the front end of the car. Most of them were women and young girls, and of the nine these were killed, the other victims being men.

Protruding from beneath the wreckage of the mass of twisted and broken timbers were the feet and lower limbs of several of the victims. The feet were badly crushed, and the foot of one woman were almost completely severed just above the ankles. Heartrending screams could be faintly heard, but as the remainder of the body was obscured from view, it was impossible to identify the victim.

The train which struck the street car was composed of 14 freight cars being pushed east on the track by the Butte, Anaconda and Pacific engine. The street car was approaching from the south. Conductor Hoag[illegible] he was on top of the train with a lantern and warned the motorman, but the latter put on speed and attempted to cross ahead of the train.

"Father of Bowling" Dead.

New York, August 22.—Duane Curtis, first vice president of the American Bowling congress, who is known throughout the country as "Father of Bowling in America," died yesterday from typhoid fever at his home in Brooklyn. He was ill at home. Until he fell ill he had bowled every day for 20 years. In 1895 he organized the first ten pin bowling tournament in the United States. In the next few years he assisted in organizing many clubs, and finally became the author of the rules regulating ten pin bowling throughout the country.

Woman Held Without Bail.

New York, August 22.—Mrs. Brice C. Young, of Winona, Minn., who shot Mrs. Katherine Morgan, a public stenographer, Wednesday in a subway, was arraigned in a police magazine, she appeared to be perfectly possessed of her faculties. The prisoner was dicharged early today to Bellevue hospital. The magistrate held Mrs. Young without bail. It is known whether the wounds of Mrs. Morgan, will recover.

Telegrapher's Strike Called.

St. Paul, August 21.—The strike of the telegraphers on the Northern Pacific railroad, was officially called off by President Portham, of the order of Railway Telegraphers, today.

NOTES FROM WINDSOR.

Correspondent From That Burg Writes on Birds and Other Things.

Windsor, Aug. 22.—This part of the county has been blessed with abundant rain since July 1st. Cotton is opening rapidly. Some of the farmers have several hundred pounds picked out already.

Caterpillars have made their appearance in several fine fields of cotton, but as most of the crop was planted early in this section, we are in hopes they will not do very great injury. All people should remember, but those engaged in farming should especially keep in mind the fact that birds and predatory insects are the only effective destroyers of these and like pests. Among the birds the common Blue Jay and the Field Lark are among the most active destroyers of cotton caterpillars, pecan worms, cut worms, etc. Black birds of all kinds, from the crow down to the rice bird, destroy countless thousands of injurious worms during the nesting season. The more commonly known insects, the red and black hornets and their near kinsmen, the wasps, are great destroyers of caterpillars, worms and flies.

The citizens of New Orleans, Tampa, and many other communities are beginning to look upon the mosquito as a very bad character—in fact a kind of new "yellow peril," and are spending a great many dollars trying to exterminate them. Bearing this in mind, would it not be well for all of us to do what we can to prevent the extermination of the very useful bird known throughout Florida as the bullbat. This bird is one of the most efficient destroyers of mosquitoes. These, together with various millers and moths, form the chief part of its food. At this season of the year there are many so-called sportsmen who make use of the innocent and valuable bird as a kind of automatic target to get themselves in practice for the quail season. The flesh of these birds is not fit for food and it would be good if there were some means to stop this barbarous practice.

E. D. Phifer was the champion fisherman of the past week, having caught several fine black bass, one of which tipped the scales at something over eight pounds.

There have been several new arrivals in Windsor of late. Mr. and Mrs. I. I. Wilkerson, Mr. and Mrs. O. R. Green and Mr. and Mrs. R. F. Ormond have each received a young man for permanent board, and all within the last four weeks.

WILL ERECT A CHURCH.

Seventh Day Adventists Working to That End With Good Effect.

The congregation of the Seventh Day Adventists, who have been conducting services at the homes of the various members, have decided to erect a church, and are now soliciting subscriptions from their friends to that end. The effort is certain of success, as considerable money has already been subscribed, and it is believed that work on the building will begin before the end of the year.

It has not yet been definitely decided where the church will be built, but inasmuch as the larger proportion are residents of North Gainesville and vicinity, the probability is that it will be located in that section of the city.

The Seventh Day Adventists, which a few years ago could be counted in this locality upon the tips of the fingers, have gained remarkably, and will now reach nearly a hundred.

Malbra Rogers Improving.

Friends of Rev and Mrs. S. B. Rogers will be gratified to learn that their little son, Malbra, who was the victim of an accident in being run over by a heavy wagon near Tallahassee recently, is improving rapidly and the probability is that he will be entirely recovered in a few days.

Mention of the accident was published in The Sun the following morning after it occurred. It was a thousand wonders how the little victim escaped instant death, but fortunately he lay in such position that this was not the result. It was believed that he would be deformed for life should he recover, but by skilful treatment every bone has been reset and the physician writes Mr. Rogers, who is now here, that no ill effects will follow the accident.

ALACHUA HAPPENINGS.

Ginneries in Operation—Telephone Service—Other Notes.

Alachua, August 21.—Messrs. Mizelle & Williams have now installed at their ginnery a 15-horse-power gasoline engine and commenced ginning last week.

The farmers throughout the long cotton belt report the cotton crop 25 per cent short.

Long cotton is selling in this market at from 4½ to 5 cents per pound.

The Williams Company has added a swell line of dry goods and notions to their already large stock.

The Alachua Telephone Company has now a direct line to Gainesville, connecting with C. C. Voyle's independent exchange.

Mr. Lock, agent of the Atlantic Coast Line, has moved with his family to his new residence on Dell street, in West Alachua.

Mr. and Mrs. W. M. Thomas have moved into their handsome two-story building on South street, in South Alachua.

Mrs. W. A. Farris, who has been quite sick for several days, is now improving.

The doctors report very little sickness for the time of year in and around Alachua.

JUSTICE COLMAN'S COURT.

Two Young Men Arraigned Charged With Interfering With Officer.

Morgan Mansfield and S. P. Booth, two young white men who are employed on the naval stores farm of J. D. Pope & Co., Rochelle, and who stand well in their community, were arraigned before Justice Colman Monday afternoon upon a charge of interfering with an officer in the discharge of his duty and making an assault. Deputy Sheriff L. E. Story was the plaintiff and appeared to testify against the young men, but through their attorney, Evans Haile, they waived examination for their appearance before the grand jury at the fall term of the circuit court and gave bond.

It is said that the young men, when they learned that a warrant was out against them, immediately came to the city and surrendered.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Pushing Pan-American Railway.

Mexico City, August 22.—D. P. Doak, president of the Pan-American railroad, says that construction work on the second division extending from Jalisco to the Guatemalan frontier is being rapidly pushed forward and the track is being laid at the rate of a kilometer a day. The first division from San Geronimo to Jalisco, a distance ob two hundred kilometers, has been in successful operation for several months.

Ohioan Killed by Georgian.

Cincinnati, O., August 22.—Joseph Mara, a former city employe, was stabbed to death in a Sixth street restaurant by Albert Barnes, who recently came here from Atlanta, Ga. Barnes, who was arrested, claims that he acted in self defense. Albert Barnes, charged with the killing of Joseph Mara, at Cincinnati, O., is a baker, and left Atlanta only recently.

Cures Sciatica.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

BITS FROM THE WRITERS.

A man never loves a woman so well as when he has been able to come to her rescue.—Alice Woods Ullman.

The man with an opinion is shunned as though he carried about him the germs of infectious disease.—Alfred Sutro.

I never can make out why those candid people who always say what they think have such unpleasant thoughts.—Sarah Grand.

Unless a man believes in himself he may as well be buried immediately for all the work he is going to do in the world.—Sidney Allnutt.

The man who hopes for nothing will generally attempt nothing. "Tomorrow" should always fling its light of promise upon "today."—Rev. Silas K. Hocking.

Since the garden of Eden men have taken a good deal mo' pleasure in layin' blame on thar wives than in layin' blame on the devil.—Ellen Glasgow.

Ralph Waldo Emerson's Stove.

Ralph Waldo Emerson was a man of rare integrity and very particular about small things. One day a new cooking stove had been provided for his house, and, although the stove came very highly recommended, it proved thoroughly unsatisfactory and most provoking, as it did everything but what it was expected to do. After awhile the family was in despair, and some one suggested sending it to auction.

"What!" exclaimed Emerson. "Transfer our own perplexity to another pair of shoulders? No, never, unless the stove is labeled 'Imperfect.'"

And so "Imperfect" it was labeled and sold at a great discount.—Boston Herald.

The Oldest Book.

Max Muller said that the Brahmans in particular pride themselves on the age of their Vedas, which, according to some critics, date from 6000 B. C.; according to others, from 1200 or 1500 B. C. Even this more moderate date is far beyond that of the Old Testament or any other sacred book, so that to the Brahmans must be given the credit, if credit there be, of possessing the oldest, the most remote and consequently the most difficult of the sacred books of the world.

Japanese Politeness.

A Russian soldier left behind his brothers in arms. He slowly rose up and faced his captors. They smiled amiably, and, reassured, he pulled off his cap and commenced to fan himself with it. Now, it is a common custom for a Japanese soldier to carry about with him in the hot weather a small fan. On this occasion a fan was forthcoming and handed to the Russian, but he refused to take it, preferring to use his cap. Still, with an amiable smile on his face, one of the Japanese again proffered him the rejected fan, at the same time covering him with a revolver. The captive took the gift without further reluctance.—From Brindle's "With Russians and Japanese."

A GREAT EDUCATIONAL MOVEMENT!

A Magnificent Library Worth $500 Offered Free of Cost!

Something SUN Readers Should Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase ticket will be given by the merchant through whose liberality the public libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their name and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each day's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted and the magnificent library awarded the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that can be credited to the institution that he may vote on space provided for same, and when delivered to the ballot boxes in the stores.

ANOTHER BLIND TIGER RUN TO THE EARTH

Harmon Jones, Alleged Booze Dispenser, is Now in Prison.

THOUGHT BOOZE WAS CIDER

Admitted That He Was Selling the Stuff, but Declared in Court That it Was for Another Party, and He Believed it Cider.

The blind tiger fiend insists upon following his avocation in this county, notwithstanding that he realizes he is facing a hard proposition indeed if he is caught, with chances of being caught nine to ten against him. Deputy Sheriff Beach brought an offender who was arrested for the illegal sale of whiskey from Trenton Monday, and this offender is now in jail awaiting the action of the grand jury.

Deputy Sheriff J. L. Story arrested Harmon Jones, a negro, at Rochelle Monday afternoon upon a charge of selling whiskey in a dry county. The man was arraigned in Justice Colman's court Tuesday, and admitted that he sold the beverage, but stated that he was selling same for another party, with the understanding that it was cider. Officer Story captured a ten-gallon keg about half full of a mixture of cheap whiskey and wine, and this was produced in evidence. The defendant also admitted that it was the same "stuff" he had been dispensing to the booze exterminators of Rochelle and vicinity.

After hearing the evidence in the case, several witnesses having testified, Justice Colman held the man under a bond of $300, in default of which he was remanded to jail.

Sheriff Fennell and his officers are determined to stamp out the blind tiger nuisance as far as possible, and they are succeeding admirably. The county commissioners offer a reward of $50 for the apprehension and conviction of every offender of the law in this direction, and recently several important "hauls" have been made, four of which were in Newberry.

THE NEWS FROM WALDO.

Infant Drank Potash and Had Narrow Escape From Death—Personals.

Waldo, Aug. 22.—N. D. Patterson and family have taken rooms at the Renault House. They are from Orange Heights, and he has employment with John L. Winter on the Seaboard Air Line.

Mr. and Mrs. Atwater are having a visit from Mrs. Atwater's sisters, Mrs. Eddington and her daughter and Mrs. Oliver, of Philadelphia, and New Jersey. It has been seventeen years since they lived here.

Mrs. Dr. Murphy and son, Taylor, have been visiting Mr. and Mrs. J. W. Wilkerson several days, while the Doctor has been looking after his place on the lake.

Mr. McLenna has gone on a visit to his former home in South Carolina, whither Mrs. McLenna and children have preceded him. In the meantime Sam Kincaid and J. L. Neal conduct the mercantile business of McLenna & Kincaid.

Mrs. Tyson, sister of Mrs. White, died a few days ago and her body was taken to Bradford county for burial.

Mrs. E. Renault has returned from attendance for some weeks upon her daughter, Mrs. Flagg, at Portsmouth, Va., who has been very ill.

Miss Nellie Smith, bookkeeper for T. J. Williams & Co., has returned from a visit to Daytona.

Farmers state that much of their corn is rotting from the wet weather in the fields.

The Methodist choir is preparing for a concert to be given shortly.

The Mr. Foster, who was recently assaulted by a German and his wife in Jacksonville, and who died suddenly not afterward, was a citizen here a few years ago.

Arthur Stevens, a prominent young man recently employed in his father's store here, which was sold to E. H. Sikes of Hampton, left yesterday for New Hampshire on a visit to the old home and relatives of the family.

Dr. Maines was called to attend the infant child of Mr. and Mrs. Dock Sims, which had drank potash water used in scouring. It recovered under skillful treatment.

Several persons have lost their horses recently from "staggers," among them Rev. Joe Sumlin, the colored Baptist pastor.

Rains continue and well water is unfit for drinking purposes. Mosquitoes are worse than usual.

BELL BRIEFS.

Cotton Coming to Market—Ginnery Has Changed Hands.

Bell, Aug. 22.—B. S. Williams of Trenton was in town last Friday, crossing palms with his many friends.

Prof. J. C. Adkins, principal of the Bell school, spent Sunday last at Wannee, viewing the scenery of the old Suwannee river.

W. A. Lindsay of Jennings Lake was in town yesterday, en route home from Gainesville, where he had been on business.

The fleecy staple is now arriving in town by the wagon-load, and is being marketed at the price of four to four and one-half cents per pound in the seed.

J. M. Roberts & Co. have bought out the ginnery of S. O. Barron at this place and are now getting the machinery in trim to commence ginning.

R. Lancaster, one of Bell's prosperous merchants, and his better half, made a visit to McCrabb and returned yesterday.

TWO CHARRED BODIES FOUND

In Ruins of House That Was Burned Near Atlanta—Murder Suspected.

Atlanta, August 22.—The charred remains of a man and a woman were found Sunday morning at the scene of a fire, which occurred Saturday night or early Sunday morning on the Fair street road, near the Hunnicut farm, in DeKalb county, some three miles from the city. The bodies were later identified as those of an old white man named Griffin, and a white woman, who was known as Rosa Thompson.

Marshal Buchanan and Coroner Jones began an investigation and evidence was secured which caused the officers to suspect that a double murder had been committed. An inquest was begun by the coroner but continued in order to give the marshal time to work on the murder theory.

Griffin, whose first name no one knew, had been living, it is said, in the house with Rosa Thompson, a woman, who, at one time was well known to the police of Atlanta. Saturday night the man and woman visited the city.

Marshal Buchanan says he has ascertained that three or four youths had had trouble with Girffin and had made threats against him and the woman. From this the officer has been led to believe that the youths, who were seen near the house late Saturday night, may have set the building on fire.

Fiendish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores; guaranteed.

Rotten Crossties Cause Wreck.

Demopolis, Ala., August 22.—A very remarkable wreck occurred on the Southen railway three miles west of here, when a westbound passenger train went over an embankment 15 feet high, caused by the spreading of the rails, due to rotten crossties. No one was killed, but everybody aboard, some 30 or more, were more or less injured. The tender and baggage car turned bottom side up, while the two passenger coaches settled on their sides.

Alabama Man Assassinated.

Tuscaloosa, Ala., August 22.—A telephone message received here from Brookwood, 16 miles south of this city, stated that John Harmon, white, was found literally riddled with bullets, lying on the roadside. An empty shotgun was found near him. There is no clew as to the assassin.

Sixteen Bodies Recovered.

Norfolk, Va., August 22.—The bdies of two more victims of the Kinstan and Greenville excursion railway wreck of Thursday have been found in the western branch of the Elizabeth river, near the scene of the accident. One of these was Thomas Ferguson, the drawbridge keeper, who was knocked off the bridge and drowned when the train plunged through the open draw. This makes 14 bodies in all that have been recovered from the river, with two dead in St. Vincent hospital here, making 16 known dead up to this time.

Castro Preparing for War.

New York, August 22.—Venezuela has placed orders in Europe for torpedo boats, guns and ammunition at the cost of about $2,500,000, a larger amount than that little South American republic has ever expended at one time for war material. An American, who has returned from Venezuela, is authority for the statement that President Castro recently declared that he was going to fight the Yankees, which explains the unusually large orders for ships, arms and ammunition.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

A Scotch Collie Story.

A story of a Scotch collie is current on the Derbyshire border, according to the Dundee Advertiser. A farmer in the Peak district, having purchased a small flock of sheep in the lowlands, drove the flock the whole way from Scotland to his farm in Derbyshire with the aid of a collie dog which was lent to him by the Scotch farmer from whom he purchased the sheep. "When you get to your home with the sheep," said the Scotchman, "let the dog fill his belly; then tell him to go home." The Derbyshire man duly arrived at his farm with the sheep and was so pleased with the collie dog and its performance that he decided to keep it a few days before sending it back. One day he was away from home during the whole of the day, and on returning in the evening he found that the Scotch collie was missing and also the flock of sheep. In a few days tidings came that the dog had arrived at his Scotch home and had brought the sheep back with him.

Breaking It Gently.

He is a rather serious minded boy who has more sense of responsibility than many grown persons. So when he was sent to his grandmother's to break the news of her aged sister's death he did so with much gravity and no little self importance.

"Now, Alfred," his mother said, "you mustn't tell grandma suddenly, because it might shock her, even though she knew Aunt Martha was ill. Tell it to her gently."

"All right," assented Alfred, starting out on his mission with mingled solemnity and eagerness.

Arrived at his grandmother's house, he greeted her with a sober "Hello!" and then proceeded to "break the news" by saying:

"Aunt Maria's dead, grandma, but you mustn't feel bad, 'cause she was pretty old, anyhow. You'll be the next one, I s'pose."—Brooklyn Life.

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Perry claims the largest turpentine shipments of any town in the State.

Polk county is bound to have the $2,000 prize at the Tampa Fair if it costs them $2,500.

Joe Hogan was arrested at Madison and taken to Tallahassee, charged with stealing $40 from a car.

The Dunnellon high school will open Monday, September 4th, with a full complement of teachers.

The motor boats all along the East Coast will be more numerous than ever this winter. It is a craze.

A schooner lying at a dock in Jacksonville was robbed Sunday night. The schooner was not taken.

Several new boats will be built for the lake at Leesburg, to be used during the tourist season this winter.

Burglars entered the house of J. H. Lanier at Whittier and stole four trunks. They were found a short distance from the house.

A stock company has been organized at Brooksville with sufficient capital to build a first-class tourist hotel. The capital stock is $25,000, and ex-Governor Jennings is president.

Editor Isaacs of The Fort Myers Press has been contributing some very interesting articles to his paper from his observations made in California on his trip with the press gang.

Greater Tampa has been compelled to let go their hold on Fort Brooke and the ground is that a part of the corporation could not be so taken without taking the entire incorporation.

The Atlantic Coast Line will build a large passenger depot at St. Petersburg. A freight house will also be erected. A large hotel is to be put up and will be a first-class tourist resort.

Jeff Bruten, a negro who had been released from a convict camp, stole $478 from J. D. Barber of Barberville, Volusia county, last Thursday. He was caught and most of the money recovered by Sheriff Turner.

J. P. Latimer, a negro, was arrested Sunday night at Plant City for shooting another negro named Davie in the abdomen. The wound is not serious. Latimer claims that a number of negroes were playing with pistols, when he happened to get one that was loaded and it went off, shooting the other negro.

Mose Larkins was allowed to visit his cousin Nelson Larkins in the Jacksonville jail, who is awaiting execution day for the Eppes murder. Before Mose got inside he was examined and a revolver found on his person. He had evidently intended it for Nelson. Mose was held for toting a pistol.

Frank G. Purnell of Jacksonville was most brutally murdered Saturday night, and his body thrown in a pond near the waterworks pumphouse. Several arrests have been made and Earl Bennett was with Purnell during the night. Purnell leaves a wife and three small children. Lawrence W. Mullaley was also with Purnell and all were drinking.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

AMERICANS SEE BULL FIGHT.

Taft and Party Royally Entertained by the Filipinos.

Jolo, August 16, via Manila, August 21.—(Delayed).—Secretary Taft and party arrived here at noon and immediately proceeded to the parade ground to witness an elaborate program arranged for their entertainment. The sultan of Sulu, with his retinue, and other Moro dignitaries, occupied seats on the grand stand along with Secretary Taft and Miss Roosevelt.

Thousands of Moros, residents of Jolo, and from the neighboring islands were present to take part in the festivities, which were wonderfully picturesque. In the afternoon there were carraboo and bull fights.

Secretary Taft and Miss Roosevelt were presented with many Moro presents by the sultan who offered his hand in marriage to Miss Roosevelt and would make her sultana of the Sulu archipelago, saying that his people desired her to remain among them.

While some of the party were bathing in the afternoon, Frederick O'Brien, editor of the Cable News, was seized with cramps, and the under tow was rapidly carrying him out to sea when Representative Longworth, of Ohio, seeing his peril, started after him and rescued him at the risk of his own life.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Checks Found but Cash Was Gone.

Chicago, August 22.—Checks which disappeared with Gus Bobbs, the missing employe of Charles A. Stevens & Bros., who vanished last Thursday while on his way to the corn Exchange National bank to make a deposit for the house, were discovered wrapped in a newspaper in a down town drug store yesterday. The checks were left at the drug store by a man last Thursday. There were a bank deposit slip in the bundle and this indicates that there was $3,220 in cash in the possession of Bobbs when he left the store of Stevens & Bros. Not a dollar of currency was in the parcel.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Funds for Russian Sailors.

New York, August 22.—Funds are being collected on the East Side with the stated object of bringing into the city the sailors, who mutinied recently aboard the Russian battleship Potemkine, off Odessa. They are about 400 of the mutineers, most of whom are now in Roumania and Rome. If they consent to come here, positions will be found for them by the organization which is fathering the scheme.

Two Young Men Drowned.

Chicago, August 22.—A Tribune dispatch from Genesso, Ill., says that Herman Melin, of Moline, and Ben Brooks, of Osceo, camping at Rock river, were drowned. In company with two women they went out rowing. Thinking the water shallow they threw the young girls overboard. Scrambling back, the girls threatened to throw the young men out. The men jumped into the water, 15 feet deep and were drowned.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

TOBACCO HEART.

The Way Smoking Acts Upon and Injures the System.

Are you "learning to smoke," boys? Learning by heart—"tobacco heart?" Read what a doctor says in the Medical Summary and then enjoy your smoke—if you can:

In smoking tobacco we take in carbonic oxide, several ammonias and a very poisonous oil containing nicotine. The ammonias and nicotine are the substances which by acting in numerous directions are so injurious to the system. The ammonias act on the blood, making it alkaline and fluid, thereby impairing its nutritive property.

The stomach is debilitated and dyspepsia induced. The innervation of the heart is disturbed, its action is weak, irregular and intermittent, and faintness and vertigo are the consequences.

Owing to the disturbances in the blood and heart the process of nutrition is slow, and in the young seriously affected tissue is paralyzed and vision is impaired.

Tobacco is essentially a functional rather than an organic poison. It modifies the special energies and not the structure. Tobacco is eliminated by the kidneys and very rapidly; consequently the bad effects quickly disappear under proper treatment if, however, the habit is given up.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

A Lake That Stores Heat.

There is a lake that stores the sun's heat at Medeve, in northeastern Transylvania. Thick beds of rock salt underlie the district, and a similar formation appears upon the surface in mounds, some of them over 100 feet in height. Among these the lake rests at fully 1,500 feet above sea level. Upon the surface its water is almost sweet, four inches below there is a twentieth of salt, at two feet there is one-fifth, and at five feet the water is practically saturated with salt. In September, after a summer's sunshine, the thermometer showed the lake's waters to be 150 degrees four feet down. Even by April, after a whole season of wintry weather, it had only been reduced to 80 degrees. Experiments have proved that this is due to absorption and retention of the sun's heat by the salt saturated solution.

People who are surmising an early conclusion of the peace conference are undoubtedly not aware of the fact that the envoys get $20 a day and expenses.

The Sultan of Sulu has asked for the hand of Miss Alice Roosevelt in marriage. It is now time to set it to music and have the comic opera artists do the rest.

The Dental College, Atlanta, Ga., has sent out a very complete announcement for the opening of the fall term October 3rd. There are several students from this State enrolled.

The State Normal in this city, which closed this week, has been very successful and the attendance much larger than was at first anticipated, owing to the unsettled condition of the educational affairs of the State at the outset.

The Daytona people claim that local option will carry that place sure. Putnam county is also quite certain to go dry and Clay county will follow. If Marion falls into the dry column the State will soon be as dry as a tinder box.

AN ATTRACTIVE TOWN.

There is nothing like having an attractive town. The man who accidentally stops over in a strange town, if he is a man of business, always makes inquiries as to the conveniences, and if you have waterworks, electric lights, gas for fuel and a daily paper, he looks around to see what there is to make all those enterprises go, and is sure to remark that "you have a pretty lively lot of people."

If a man is looking for a location, and he has a family to care for, nine times out of ten he will inquire about the drinking water and if you have a system of sewerage. These are essential to the health of any city, North or South, and good water will draw many people to any town, as the people of Gainesville well know.

A system of sewerage is necessary for the health of a city of any size, and is needed to make the waterworks more useful. With a sewerage system the waterworks can be put to more uses and be made a better source of revenue to the city.

These advantages require money to put them in operation, and when they are all in working order will be a source of revenue as well as convenience. Is it not better to build them at once on borrowed capital for which only a small rate of interest is paid, than to do a little at a time with the money received from year to year by direct taxation, and be years without the improvements. The work can be done better to be all done at once, the annoyance of having streets littered up will be avoided, and the expense be much less.

The issuance of bonds is necessary to complete this work, and while the burden to tax-payers is not so great, they can enjoy these comforts while they are paying for them only a small amount at a time.

RUSSIA AND HER ACTS.

It is a fact that Russia has never had the sympathy from the United States that she could have obtained had that government been more humane in its treatment of her Jewish population. Never have the Jews had recognition in any shape in that country except to extort money from them, and such treatment of their subjects in the eyes of a free people cannot fail but bring forth a feeling of disgust and contempt.

The fact that they have had no representation in any shape brought on a conference between a committee of representative American Jews with Mr. Witte a few days ago in the course of which the committee told him some straight facts concerning the reasons for the strong sentiment against Russia now prevailing in this country. They said—which is true—that the horrible treatment of its Jewish population by Russia has served to negative all Russian claim to the possession of anything deserving the name of high civilization; and they argued with Mr Witte that only by the observance of true Christian liberality towards the Jews can Russia restore herself in the eyes of the civilized world.

Mr. Witte has force and strength enough to understand this matter, and if he takes the matter as he should and explains it to the Czar, he may be able to show that for the many outrages committed this odium rests upon the Russians and always will until relief is obtained.

The Orlando Star says. "Having proved the editor of The Reporter a liar, we now drop him to the level he belongs. He will need no special practice to command a craft in the next world upon the lake devoted especially to his kind, which burneth with fire and brimstone." No "mercy of the court" there.

The present war says Mr Witte, has only served to confirm the proverbial bravery of the Russian soldier. Others who have been watching from a distance must be so far removed from the scene that they could not see it in that light.

Baking Watches.

"I will be with you in a moment. I must finish the baking of this batch of watches first."

The speaker was a jeweler. He said as he worked:

"I suppose you are surprised at the idea of watch baking. I will explain. The machinery of a watch is delicate, yet it must work the same in winter as in summer, the same in Iceland as in Cairo, the same in the Sahara as in Iceland. There is only one way to accomplish this—the watch must be regulated to heat and cold.

"I am regulating these watches to heat. Afterward, in a refrigerator, I will regulate them to cold. Then when they go out in the world they won't disgrace themselves in any climate. Chronometers must be regulated more carefully than watches. They are often kept for weeks in temperatures that are now zero and now 120 degrees."—Philadelphia Bulletin.

Incentives to Marriage.

Apparently the German town of Haschmatin does not believe in a state of single blessedness. Annual prizes are offered to the men who wed the ugliest, the most deformed and the oldest women in the town. Eighty dollars is paid to the man who marries the ugliest, while but $60 is the reward for the one marrying the cripple. All women over forty who have been jilted at least twice bring their spouses sums which vary according to the state of the fund, which was left by a rich resident of the town. The average price paid is $50 to each unless they should be unusually numerous, while the trustees are empowered to pay a larger sum when, in their judgment, it seems wise to hold forth a special inducement to procure the marriage of some particularly unfortunate woman.

TRADE MARK

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

A LIVING NET.

Peculiar Method of Fishing Used by Natives of Oceania.

A peculiar method of fishing is indulged in by the natives of Tetuila, one of the islands of Oceania. At a given signal the inhabitants of the village assemble on the seashore to the number of about 200 persons, each of whom carries a branch of cocoa palm. With these in their hands they plunge into the water, and at a certain distance from the shore turn toward it, forming a compact half circle, each one holding his palm branch perpendicularly in the water, and thus forming a sieve.

The leader of the party then gives a signal, and this living net approaches the shore gradually in perfect order, driving before it a multitude of fishes. Surrounded by this living wall and entangled in the cocoa palm branches many of the fishes are cast on the sand by the waves, while others are killed with sticks. After being cooked over hot coals the fish are served with bananas and cocoanut milk.

The scene as described by a Frenchman who visited the island was interesting and picturesque in the extreme, the effect being immensely heightened by the appearance of the natives, whose costume consists of a short tunic of seaweed or leaves. Their hair is powdered with chalk, while the warriors are distinguished by their hair being powdered red. Wreaths of gardenias or red hibiscus are worn on their heads, also round their necks.

AN EXPERT ON LYING.

He Was Allowed to Testify In Court and Won the Case.

A Kansas City lawyer tells of the use of expert testimony on lying. He says:

"I was prosecuting attorney for Finney county in 1881, and had a fellow up before Squire N. C. Jones on the charge of horse stealing. He hired Mike Sutton to defend him, and when the case was called I proved beyond question by a witness who witnessed the theft that we had the right man. After the prosecution had rested Sutton introduced 'Buffalo' Jones as a witness and gravely informed the court that he intended to prove by him that my witness had lied. 'Buffalo' took the stand and swore that, while he had never seen or heard of the witness before and knew nothing at all about the crime committed, he had had a great deal of experience with men and could tell pretty certain when they were lying. Then he proceeded to tell how men acted when they were lying, and gave the expert opinion that my witness had sworn to lies from the word go. I protested against such performances, but Sutton made the judge believe he had as much right to introduce an expert on liars as he would have to introduce an expert on medicine or any other science, and the result was the thief was dismissed from custody."

Not Mere Curiosity.

The world has a store of pleasures in waiting for the unaccustomed traveler. Sometimes, indeed, they may be mostly in anticipation, as was the case with Amos Riggs of Plumtown.

"How d'ye do?" said Mr. Riggs cordially to the stern visaged man who was his seat mate in the car on the occasion of Mr. Riggs' first trip to Boston. "Now what might your name be? Do you live in Nashuy or beyond?"

"I should like to know what business it is of yours where I live or who I am?" said his companion crossly.

"Well, now, it ain't any partic'lar business o' mine, strictly speaking," said Mr. Riggs mildly, "but it's jest like this: I've got a cousin up in Canady that I've never seen, and I've always thought I might come upon him some time jest by asking folks their name and so on."

Tides and Storms.

When a tempest is approaching or passing out on the ocean, the tides are noticeably higher than usual, as if the water had been driven in a vast wave before the storm. The influence extends to a great distance from the cyclonic storm center, so that the possibility exists of foretelling the approach of a dangerous hurricane by means of indications furnished by tide gauges situated far away from the place then occupied by the whirling winds. The fact that the tidal wave outstrips the advancing storm shows how extremely sensitive the surface of the sea is to the changes of pressure brought to bear upon it by the never resting atmosphere.

Green.

Owing to its derivation the word "green" was originally applied to the color of vegetation, but not to the color of the sea. No application of "green" to the color of the sea is quoted before Chaucer, but as early as the year 700 it was used for vegetation. The word is akin to "grass" and "grow," which verb originally belonged to the vegetable world alone. Vegetables "grew," but animals "waxed." "Green" comes from an Aryan root, "ghsar," meaning to be green or yellow, and "yellow," "gold" and "gall" also come from that

THE PEPPERS.

An Opinion on the White, the Black and the Snappy Cayenne.

The so called white pepper is an abomination. Give me the old fashioned black pepper of our daddies. It has both flavor and odor and is most appetizing, while the white is nauseating. For real snap and go give me cayenne. None of your paprika! Did you ever sift pepper in your soup and notice its peculiar behavior? The black kind concentrates, all the particles rushing to a common center. The red scatters, as if each grain were at enmity with every other. Try the experiment. It means probably that black pepper is astringent, while red is laxative. The people of the tropics consume large quantities of cayenne and are not accustomed to dyspepsia. I never heard of one suffering from impaired or imperfect digestion.

Let us approach these things understandingly. The medical term for black pepper is "piper," and this same piper is regarded as a stomachic. A stomachic is a stimulant for the stomach. Red, or cayenne, pepper is "capsicum" and is an irritant as well as a stomachic. If a person afflicted with cholera morbus takes thirty drops of the tincture of capsicum in water the entire alimentary tract will immediately be congested, which should prove that red pepper is not a laxative. And this looks like a contradiction.—New York Press.

THE SMOKER'S PARADISE.

A Continual Use of Tobacco Is the Rule In Holland.

Holland is the smoker's paradise. Not only is the climate one which almost compels indulgence in tobacco, but the fragrant leaf may be had in abundance and at small cost.

The humidity of the climate leads naturally to continual smoking, and so common is the habit that instead of measuring distances by miles it is customary for the boatmen to declare a place to be so many pipes distant.

On entering the house of a friend a cigar is offered you, the host sees that you are kept well supplied during your visit, and a fresh cigar upon leaving is as necessary as a hat. Old friends are not permitted to depart until their cases have been refilled, and the necessity for this becomes apparent when it is known that a smoker usually lights his fresh cigar from the stump of the previous one, keeping one in his mouth continually.

Pipe smokers are equally devoted to their habit, taking their pipe to bed with them and only laying it down when they become sleepy. Should they awake during the night they indulge in a short smoke before going to sleep again, and they always light their pipes before getting out of bed in the morning.—New York Herald.

First Recorded Yacht Race.

A race across the Atlantic ocean would have seemed a wild romance to King Charles II. when he took a leading part in the first recorded yacht race. "I sailed this morning," says Evelyn on Oct. 1, 1661, "with his majesty in one of his yachts, or pleasure boats, vessels not known among us till the Dutch East India company presented that curious piece to the king, being very excellent sailing vessels. It was on a wager between his other new pleasure boat, built frigate-like, and one of the Duke of York's; the wager, £100; the race from Greenwich to Gravesend and back. The king lost it going, the wind being contrary, but saved stakes in returning. There were divers noble persons and lords on board, his majesty sometimes steering himself." "Yacht," a word new to England in 1660, is Dutch, from "jagten," to hunt, to speed, connected with our "go."—London Chronicle

Peculiar Disappearance.

SWEDEN'S TERMS NOT ACCEPTED

Norwegians Object to the Destruction of the Frontier Fortresses.

Christiana, August 22.—The storthing will assemble Monday. The Associated Press is informed that the Norwegian government within a day or two will submit a proposal relating to the dissolution of the union of Norway and Sweden. Both governments are anxious to secure a solution of the difficulties at the earliest date possible. Consequently, it is understood that the storthing will request the riksdag to secure the dissolution of the union by a formal resolution and repeal of the treaty, and will imediately authorize the government to negotiate with the riksdag concerning Sweden's conditions.

There is an aparent strong feeling against the acceptanve in toto of Sweden's terms, and especially against the destruction of any fortress. Should Sweden not accede, it is considered probable that Norway will propose arbitration of the disputed points.

Negro Women in Cotton Mills.

Savannah, Ga., August 22.—The mule spinners of the Savannah Cotton Mills have walked out because, they claim, the carding in the mills is an inferior qualiyt of work. Several weeks ago the 100 white women and girls employed in the carding department were discharged, and their places were filled by negro women. It is to the work done by the new hands that the mule spinners object. They complained, but without result, so they have determined to stop work. The superintendent of the mills says he does not know why the white labor was supplanted. He says it was done by N. H. Tifton, of Vermont, the owner of the mill.

Chinese Mohammedans.

A traveler in the upper Tangtse provinces of China found in the town of Hinganfu many Chinese Mohammedans who keep up communication with their fellow religionists of Arabia. A missionary who has lived among them for years declares that they are very quarrelsome, much given to boasting of their Turkestan origin, and, in spite of the prophet's injunctions, drink a great deal of wine. This is usually the case with Chinese Mohammedans. In Hinganfu, and more especially in Kansuh, a few of their spiritual teachers keep up their knowledge of Arabic and are occasionally visited by Arab or central Asian mollahs, who follow the old Arab trade route by way of Hami, by which the Arabs originally traded and propagated their faith. These mollahs visit every country in the east where the followers of the prophet are to be found and keep up the ties of the faithful with Islam. As they often stir up dissatisfaction and foment disturbances against the Chinese authorities, the latter regard them with suspicion.

How Swallows Drink.

Of course we know that swallows drink as they skim over the surface of water. We have seen how here and there the water ripples on a pond when swallows are gracefully skimming to and fro. One day I sat down beside a small pond where every evening many barn swallows came to bathe and drink on the surface of the glassy water. With sketch book and pencil in hand I closely watched the birds, and you may imagine my delight to see just how they managed to touch and dip up the water as they came within a few steps of me. You see, the swallow takes up water in its lower bill just as you would dip up a little water in a spoon, or in the hollow of your hand while you glided over the surface in a boat. Only the under half of the open bill touches the water. If the upper half were also to touch, the water would be forced out on either side instead of being scooped up into the bill. —St. Nicholas.

INDUSTRIAL EDITION.

On Thursday, November 16, 1905, the publisher of The Gainesville Daily Sun will issue an Industrial Edition of this paper, which will comprise a complete descriptive write-up of Alachua county, including the city of Gainesville, giving a description of its Industries, Mineral Products, Resources of the Soil, as well as its Educational Advantages, Future Prospects and its adaptability as a home for those seeking a location for business activity or for health.

This edition will be printed on high grade book paper, profusely illustrated, with an illuminated cover that will be highly attractive. The edition will comprise 20,000 copies of 36 pages each, including the cover, and will be of great value to those who desire to send them away to their friends, as the facts it contains will be thoroughly reliable.

A limited space will be reserved in this Industrial Edition of The Sun for the use of legitimate advertising, and reliable business houses will find it to their advantage to communicate for space at the earliest possible date.

The Object

Of this edition is to have a greater portion of the 20,000 copies for FREE distribution at the Florida State Mid-Winter Fair at Tampa, November 15 to 30, 1905, to familiarize the people who visit that exhibition with the advantages offered to settlers in Alachua county, the county of varied resources and the Hub of the Peninsular State of the South.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

THE RACCOON.

In the spring he starves.

He hibernates in winter.

During the summer and fall he feasts.

His coat is much sought for various purposes.

In captivity he is rather engaging and appealing.

The courageous raccoon is game only in the autumn.

He can always whip a dog of his own size and weight.

Though called carnivorous, he has a weakness for peanuts.

Though the size of a very large cat, he is allied to the bear.

In eating corn he bends it down, tearing open the husks as does the hog.

Their treetop tendency may be observed in the zoo's famous honey locust.

He comes from the woods to rob the cornfield, destroying much more than he eats.—Philadelphia Record.

Painfully Proud.

An English paper tells the following pathetic story of a governess who had seen better days, but who became altogether reduced in circumstances—nay, she kept hunger with difficulty from her door. Some benevolent person, hearing of her sad plight and knowing her pride, forwarded her half a sovereign, withholding any name. After the death of the poor lady, not so very long afterward, when her desk was searched by a friend, there was found a neat little white paper packet containing the half sovereign untouched. Across the paper was written in a tremulous hand: "Ten shillings sent anonymously. Most indecent."

C. C. Powell has returned from Waycross, Ga., where he has been on a brief visit to his wife, who is sojourning with relatives there.

T. R. Pickett of Newberry was in the city yesterday. His saw mill plant, which has been closed down for several months, has resumed operations.

Truss Denby has returned from Jacksonville, where he went a few days ago with Mrs. Denby on a visit to relatives. Mrs. Denby will remain in the metropolis for several days.

Mrs. B. C. Hodges and daughter, Miss Hattie, left yesterday for Chattanooga and Lookout Mountain, Tenn., where they will spend a few weeks among relatives and friends.

Mr. and Mrs. W. E. Baker and daughter, Elizabeth, returned last night from Plant City. Mrs. Baker and child have been on a visit to relatives in Plant City for several weeks.

George K. Broome has returned from Saluda, N. C., after a pleasant sojourn of several weeks in that delightful section. Mrs. Broome is still in Saluda, and will remain there for another month.

W. J. Hodges of Alachua, one of the solid farmers of that section, was trading in this city yesterday. He reports the planters in his section in good condition notwithstanding their losses by continued heavy rains.

C. L. Feaster and J. H. Prater, two progressive citizens of Micanopy, were business visitors to this city yesterday. Mr. Prater conducts a saw mill and grist mill at that place, besides looking after the city's interests as mayor.

Mrs. D. M. Phifer left yesterday for Dunnellon, having been called suddenly by the illness of her daughter, Mrs. Maples, whom the telegram announced was quite sick. It is hoped she found the condition of the patient not so serious as was supposed.

Jacob Gamble, one of the industrious colored farmers of Rochelle, called at The Sun office yesterday and renewed his subscription. He has been a regular reader of this paper half a score years and says he does not see how a person who is interested in Alachua county can get along without the county paper.

Some rare bargains are to be had at this office in second-hand typewriters: Remington No. 6, practically new; Remington No. 7; Barlock No. 20; Smith Premier No. 2; Caligraph No. 1, and Fay-Sholes No. 4. These machines will be sold cheap and on very reasonable terms. First applicants get the best bargains. dawtf

Among the prominent visitors to Gainesville yesterday was F. G. Sampson of Boardman, who owns one of the largest and most prolific orange groves in the state, comprising about 180 acres. Before the fatal freeze this grove was one of the wonders of Florida. The grove, while not so extensive now, has begun to yield prolifically again.

E. W. Smith and L. W. McCormick have returned from Worthington Springs, where they have been recuperating for the past few days. Both feel greatly benefited and cannot praise the famous Worthington Springs water too highly.

The interior of the law offices of Thomas & Ellis are being materially improved in appearance by the application of wall paper of the latest and most attractive designs. This firm proposes to have what formerly was one of the neatest offices in the city.

Samuel Bernstein of Birmingham, Ala., has arrived in the city and is a guest of his brother, L. J. Bernstein. He came to have an operation performed but The Sun has been so earnestly cautioned by members of the medical society in regard to mentioning names that we refrain from same for fear of a boycott.

Thomas Osborne of Jacksonville, traveling engineer of the Atlantic Coast Line, was in the city yesterday on official business. Mr. Osborne is one of the oldest and most widely known locomotive engineers in Florida, having been a throttle-puller on the old J. T. & K. W. between Jacksonville and Sanford in the early eighties. He is "chuck full" of good railroad stories and experiences which greatly interest his companions.
